	Measurement	Figure	Remarks	Data	Measurement	Figure	Remarks	Data
T O P	01. Neck CIR* / for high neck		Measure around the neck.		02. Neck Opening		Measure From center front neck (hollow) to your desired neckline.	
	03. Shoulder Front /not for strapless		Measure from shoulder tip to shoulder tip.		04. Shoulder Width Back /not for strapless		Measure from one edge of the shoulder to the other, across back (taken at back).	
	05. Shoulder to Waist (back)		Measure from <b>midpoint of your shoulder</b> to waist.		06. Shoulder to Waist (front)		Measure from <b>midpoint of your shoulder</b> to waist.	
	07. Upper Bust CIR*		Your upper bust is the area right below your armpit and above the fullest part of your bust.		08. Bust CIR*		Measure around the full part of your bust and straight across your back keeping the tape a little loose for comfort. <b>Kindly wear a bra when you take this measurement.</b> Be aware that wearing no bra versus a strapless or regular bra can make quite a difference in measurements.	
	09. Under Bust CIR*		Wrap it so that it rests just under the bust, where the bra band would sit.		10. Bust Point Distance		Measure from bust point to bust point.	
	11. Shoulder to Bust Point		Measure from <b>midpoint of your shoulder</b> to bust points.		12. Bicep (Upper Arm) CIR* /for sleeves		Measure around your arm under the armpit	
	13. Armhole CIR* /for sleeves		Measure from <b>shoulder tip</b> around the armpit all the way to starting point.		14. Sleeve Length /for sleeves		Measurement from <b>shoulder tip</b> to desired end point of sleeves.	
B o t t o m	15. Waist CIR*		Stand straight and breathe out normally; don't suck in your belly. Position a tape measure at the narrowest point between your lower rib and the top of your hip bone, or at the midpoint in between. It <b>should be snug but not compress the skin.</b> If you can't find the narrowest point (it may be difficult if you're very overweight), measure just above your belly button.		16. Mid Rise CIR*		Measure around your mid-waist, 3" below your waist.	
	17. Hip		Measure around 7" to 9" (17.8cm to 22.9 cm) below your waist or around the fullest or widest point of hip.		18. Upper Knee CIR* / for mermaid		Place feet together and sit down, around the upper knee loosely.	
	19. Waist to Hem		Measure from waist to hem or desired length <b>with shoes</b> .		20. Shoulder to Hem		Please measure midpoint of your shoulder, <b>over the fullest part of your bust</b> to hem or desired end of dress <b>with shoes</b> .

24. Train Option	Brush/ Sweep		It barely "brushes" the ground behind the dress, adding a modest amount of volume to the back of the dress. Approximately <b>55 inch (140 centimeter)</b> behind the waist.	Court		Extending approximately <b>60 inch (152 centimeter)</b> behind the waist. This train can be used at most ceremonies as well, bust may by a hassle at outdoor weddings, such as those held on grass or at the beach.	
	Chapel		The chapel train extends about <b>65 inch (165 centimeter)</b> from the waist; making a significant statement without the grandeur of the longer trains.	Cathedral		This train extends approximately <b>85 inch (215 centimeter)</b> behind the waist, and will require assistance to keep in order, especially during the ceremony and pictures.	
	Royal/ Monarch		This train extends beyond <b>120 inch (300 centimeter)</b> from the waist, spanning the aisle as walk toward the altar.	Watteau		This train can be the same length as the rest of the gown so that it falls straight down to the ground, or it can extend out behind for more dramatic.
